

# PLACET

Supporting Placement Companies  
in European Training

Programma EU LLP Leonardo da Vinci  
Partenariati Multilaterali

## PLACET aims to:

PROMOTE the potential of hosting an European trainee;

SHARE intermediaries' difficulties and best practice with hosting companies;

INVOLVE entrepreneurs and managers in a data collection of needs, best practice and a SWOT analysis;

ALLOW the sending promoters to better know the sector peculiarities and labor market situations of partners' territories and the most required job profiles, for better matching the trainees' needs or for preparing them;

IMPROVE a better knowledge to properly read applicants' CVs.

Supporting Placement Companies  
in European Training

Leonardo da Vinci Programme LLP

Partnership Project

The partnership aims to improve participants' integration in transnational mobility, focusing on the hosting companies' role.

The project partners, in cooperation with the local professional realities, are intermediary organizations which support the labor market in receiving and managing foreign trainees.

XENA (Italy)

ALFMED (France)

EUROYOUTH (Portugal)

QUARTER MEDIATION (Netherlands)

IDEUM (Sweden)

## The business meetings in each country will:

COORDINATE effectively the project;

WORK together on different issues;

COOPERATE with hosting companies (or potential), entrepreneurs, chambers of commerce, trade association;

CREATE support materials for the hosting companies (intercultural aspects; information on the E.U. Programmes, etc.).

Managers and mentors will be interviewed on best practices in transnational work. In their own country, the partners will develop the content related issues, co-operate with the local companies and organize the transnational mobility logistics.
